SUMMARY

Committed and goal - oriented computer science student looking to pursue a career in the software engineering domain. Ability to learn things quickly and capable of working in a team driven environment. Constant learner and ability to adapt new technologies. Contribute to innovative software solutions and gain practical experience in a dynamic IT environment.

TECHNICAL SKILLS

Programming Languages: C, C++, Java, MySQL, PHP, VB .Net

Frameworks: Bootstrap, Tailwind

Libraries & Tools: jQuery, GitHub, VS Code, Cursor AI

Web Technologies: HTML, CSS, JavaScript, React

PROJECTS

Weather Website
Languages: HTML, CSS, JavaScript
- Developed a responsive weather website that delivers real-time weather updates, auto-detects user location, and provides weather forecasts through API integration.
- Features: Real-time weather updates, Auto Location Detection, Weather Forecasting.
- Implemented responsive design principles to ensure compatibility across various devices and browsers.

E-mail Validator Website
Languages: HTML, CSS, JavaScript
- Developed an email validation website with HTML, CSS, JavaScript, and API integration.
- Features: Real-time email format checking, domain verification, SMTP Check.
- Focused on user-friendly interface with responsive design principles.

Student Management System
Languages: HTML, CSS, PHP, MySQL
- Built a Student Management System to efficiently manage student information, attendance, and academic results.
- Developed functionalities for adding, updating, and deleting student data, with a focus on a clean and intuitive user interface.
- Designed a responsive and user-friendly interface with HTML and CSS, ensuring compatibility across various devices.

EDUCATION

Rajiv Academy for Technology and Management, Mathura
Bachelor of Computer Applications   *September 2022 - Present*

Jawahar Vidyalaya Inter College, Mathura
10 + 2 Standard   *2020 - 2022*

CERTIFICATIONS

- be-10x - AI Tools Workshop
- TCS iON Career Edge - Young Professional
